

# Learning for LIFE.

## What's on. Term Three 2024

This program is part of the Set Up for Success initiative, a free early years program promoting a love for learning for both young children (Birth -5) and their families.

Learning for Life is run out of our Early Learning Centre (ELC) every Wednesday from 9.00am to 10.00am. The ELC is accessible from both our Sandy Bay Road and Nelson Road entrances.

Our experienced Early Years staff develop weekly programs to meet the needs of children within our local community, inspired by Christian values. Each week our Learning for Life sessions will support the holistic development of individual children with a variety of playbased educational activities.

As part of the learning experience, children must attend sessions with a parent or carer who are responsible for their children at all times.

Attending these weekly sessions is a great opportunity to get to know our College and meet some early childhood trained staff in a nurturing environment. It also gives parents and carers the chance to connect with other families and encourages social skill development in your child.

We look forward to welcoming you into our Mount Carmel College community as you start your learning journey. Please register via our website before your first visit or contact us for more information.

Every Wednesday from 9.00am to 10.00am  
during term time in our Early Learning Centre.
